### CS408:Midterm Grand Quiz

Question # 1 of 30 ( **Start time: 02:58:01 PM, 28 June 2020** )

The sensation can be excited by presenting a different,properly prepared, view to each eye.The pair of views is called a \_\_\_\_\_.

Select the correct option

- |                                  |               |
|----------------------------------|---------------|
| <input type="radio"/>            | stereopair    |
| <input type="radio"/>            | stereogram    |
| <input checked="" type="radio"/> | Both a and b  |
| <input type="radio"/>            | None of these |

## CS408:Midterm Grand Quiz

Question # 2 of 30 ( **Start time: 02:59:05 PM, 28 June 2020** )

Which one is not an Input Controls?

Select the correct option

- |                                     |             |
|-------------------------------------|-------------|
| <input type="radio"/>               | checkboxes  |
| <input checked="" type="checkbox"/> | tags        |
| <input type="radio"/>               | buttons     |
| <input type="radio"/>               | text fields |

## CS408:Midterm Grand Quiz

Quiz Start Time: 02:5

### Question # 3 of 30 ( Start time: 03:00:36 PM, 28 June 2020 )

Interpreting the perception means

a) Determine mapping from system state to interpretation  
system is in desired state

b) Determining mapping from intention to physical movement

#### Select the correct option

- Only A
- Only B
- Only C
- Both B and C

You are screen sharing Stop Share

Windows taskbar with search bar and application icons (VU, Zoom, Word, PDF)

Question # 4 of 30 ( Start time: 03:02:32 PM, 28 June 2020 )

Total Marks: 1

"Human-Computer Interaction is a discipline concerned with the \_\_\_\_\_, evaluation and implementation of interactive computing systems for human use and with the study of major phenomena surrounding them".

Select the correct option

<input type="radio"/>	Methodologies	//
<input type="radio"/>	Architecture	//
<input checked="" type="radio"/>	Design	//
<input type="radio"/>	Procedure	//

**Question # 5 of 30 ( Start time: 03:03:39 PM, 28 June 2020 )**

Subject matter experts (SME) are

**Select the correct option**

- |                                  |   |
|----------------------------------|---|
| <input type="radio"/>            | beginners                                   |
| <input type="radio"/>            | intermediate users                          |
| <input checked="" type="radio"/> | expert users                                |
| <input type="radio"/>            | the beginners in two or more related fields |

**Question # 6 of 30 ( Start time: 03:05:08 PM, 28 June 2020 )**

Which one is not Navigational Components?

**Select the correct option**

- |                                     |              |
|-------------------------------------|--------------|
| <input type="radio"/>               | slider       |
| <input type="radio"/>               | breadcrumb   |
| <input checked="" type="checkbox"/> | progress bar |
| <input type="radio"/>               | icons        |

**Question # 7 of 30 ( Start time: 03:06:43 PM, 28 June 2020 )**

Which one of the below listed mobile devices are considered as a smartphone?

**Select the correct option**

- |                                  |                  |
|----------------------------------|------------------|
| <input type="radio"/>            | Samsung Note2    |
| <input type="radio"/>            | Samsung s5       |
| <input type="radio"/>            | Apple iPhone     |
| <input checked="" type="radio"/> | All of the Given |

**Question # 8 of 30 ( Start time: 03:07:33 PM, 28 June 2020 )**

Example of form fill interface is \_\_\_\_\_

**Select the correct option**

- |                                     |  |
|-------------------------------------|--|
| <input type="radio"/>               | A dialog box                           |
| <input type="radio"/>               | Pop up menus                           |
| <input checked="" type="checkbox"/> | Data entry form on some university web |
| <input type="radio"/>               | All of the given                       |

**Question # 9 of 30 ( Start time: 03:09:01 PM, 28 June 2020 )**

The comparison of what happened in the world with what we wanted to happen is called

**Select the correct option**

- |                                  |            |
|----------------------------------|------------|
| <input type="radio"/>            | efficiency |
| <input type="radio"/>            | execution  |
| <input checked="" type="radio"/> | evaluation |
| <input type="radio"/>            | action     |

**Question # 10 of 30 ( Start time: 03:10:40 PM, 28 June 2020 )**

Requirements specification involves

- A. Capturing the functional requirements of the system architecture
- B. Eliciting information about the work domain from the customer
- C. Capturing the non-functional requirements of the system architecture
- D. Translating the natural language of the work domain into an executable form

**Select the correct option**

<input checked="" type="checkbox"/>	Only A
<input type="checkbox"/>	Only B
<input type="checkbox"/>	A and D
<input type="checkbox"/>	B and C

Question # 11 of 30 ( Start time: 03:12:10 PM, 28 June 2020 )

What are the three types of reasoning?

Select the correct option

- |                                  |  |
|----------------------------------|--|
| <input type="radio"/>            | Deductive, Productive and Inductive    |
| <input checked="" type="radio"/> | Adductive, Inductive and Deductive     |
| <input type="radio"/>            | Inductive, Adductive and Reproductive  |
| <input type="radio"/>            | Productive, Reproductive and Deductive |

**Question # 12 of 30 ( Start time: 03:13:40 PM, 28 June 2020 )**

With in the display there is an isolated region to call upon a specific operation by the user is called \_\_\_\_\_

**Select the correct option**

<input type="radio"/>	Pointers
<input checked="" type="radio"/>	Buttons
<input type="radio"/>	Both
<input type="radio"/>	None of the given

**Question # 13 of 30 ( Start time: 03:14:35 PM, 28 June 2020 )**

Our ability to attend to one event from what amounts to a mass of competing stimuli in the environment have been psychologically termed as

**Select the correct option**

- |                                  |                       |
|----------------------------------|-----------------------|
| <input checked="" type="radio"/> | Focused attention     |
| <input type="radio"/>            | Divided attention     |
| <input type="radio"/>            | Voluntary attention   |
| <input type="radio"/>            | Involuntary attention |

**Question # 14 of 30 ( Start time: 03:15:31 PM, 28 June 2020 )**

The most frequent errors are \_\_\_\_\_ , especially in well-learned behavior.

**Select the correct option**

<input type="radio"/>	Mistake
<input checked="" type="radio"/>	Slip
<input type="radio"/>	Lapse
<input type="radio"/>	Both a and b

### CS408:Midterm Grand Quiz

Question # 15 of 30 ( Start time: 03:16:43 PM, 28 June 2020 )

Over a short period of time, we find it easier to remember the string of numbers "404 894 6743" because \_\_\_\_\_

Select the correct option

- |                                  |   |
|----------------------------------|---|
| <input type="radio"/>            | Numbers are easier to remember than arbitrary characters.             |
| <input checked="" type="radio"/> | The grouping of the numbers is significant                            |
| <input type="radio"/>            | Ten numbers is not that many to have to remember from working memory. |
| <input type="radio"/>            | None of these   |

Question # 16 of 30 ( Start time: 03:18:32 PM, 28 June 2020 )

Tot

During the \_\_\_\_\_ phase, usage and workflow patterns discovered through analysis of the field research and interviews are synthesized into domain and user models

Select the correct option

- |                                  |                      |
|----------------------------------|----------------------|
| <input type="radio"/>            | Refinement           |
| <input type="radio"/>            | Framework definition |
| <input checked="" type="radio"/> | Modeling             |
| <input type="radio"/>            | Research             |

SC TECH SOFT STATE QUIZ

Question # 17 of 30 ( Start time: 03:19:29 PM, 28 June 2020 )

The \_\_\_\_\_ model should match the \_\_\_\_\_ model.

Select the correct option

- |                                  |                     |
|----------------------------------|---------------------|
| <input type="radio"/>            | User, conceptual    |
| <input checked="" type="radio"/> | Conceptual, mental  |
| <input type="radio"/>            | Mental, central     |
| <input type="radio"/>            | Conceptual, central |

**Question # 18 of 30 ( Start time: 03:20:53 PM, 28 June 2020 )**

Gulf of \_\_\_\_\_ is the difference between the user's formulation of the actions to reach the goal and the actions allowed by the system

**Select the correct option**

<input checked="" type="radio"/>	Execution
<input type="radio"/>	Evaluation
<input type="radio"/>	Interaction
<input type="radio"/>	Operation

**Question # 19 of 30 ( Start time: 03:21:52 PM, 28 June 2020 )**

\_\_\_\_\_ is a small area of the retina on which images are fixated.

**Select the correct option**

- |                                  |            |
|----------------------------------|------------|
| <input type="radio"/>            | Blind spot |
| <input type="radio"/>            | Cones      |
| <input checked="" type="radio"/> | Fovea      |
| <input type="radio"/>            | Rodes      |

**Question # 20 of 30 ( Start time: 03:22:42 PM, 28 June 2020 )**

Models are used in design to

**Select the correct option**

- |                                  |                                  |
|----------------------------------|----------------------------------|
| <input type="radio"/>            | Generate the design              |
| <input type="radio"/>            | Evaluate the design              |
| <input checked="" type="radio"/> | Generate and evaluate the design |
| <input type="radio"/>            | None of the given                |

**Question # 21 of 30 ( Start time: 03:24:16 PM, 28 June 2020 )**

Which of the following best describes a stakeholder?

- A. A person who uses an interactive computer system
- B. A person who has invested time or money in developing an interactive computer system.
- C. A person who receives output from or provides input to an interactive computer system.
- D. A person who is affected by the success or failure of an interactive computer system

**Select the correct option**

<input checked="" type="checkbox"/>	A and B
<input type="checkbox"/>	C and D
<input type="checkbox"/>	Only B
<input type="checkbox"/>	Only D

**Question # 22 of 30 ( Start time: 03:25:59 PM, 28 June 2020 )**

Taking some real world concept to perform different tasks that represent some idea, inside the computer is type of\_\_\_\_\_

**Select the correct option**

<input checked="" type="checkbox"/>	Direct Manipulation
<input type="checkbox"/>	Desktop metaphors
<input type="checkbox"/>	Central processing unit
<input type="checkbox"/>	None of the given

**Question # 23 of 30 ( Start time: 03:27:31 PM, 28 June 2020 )**

\_\_\_\_\_ aspect guides us to think about user interface idioms in other words, the way in which the user and the idiom interact

- A. Efficient.
- B. Strategic.
- C. Tactical.
- D. Reliable.

Select the correct option

<input checked="" type="radio"/>	Only B
<input type="radio"/>	Only C
<input type="radio"/>	A and B
<input type="radio"/>	C and D

CS408:Midterm Grand Quiz

Question # 24 of 30 ( **Start time: 03:28:23 PM, 28 June 2020** )

User and system has its own unique language, the language used by the user is called\_\_\_\_\_

Select the correct option

- |                                  |                          |
|----------------------------------|--------------------------|
| <input type="radio"/>            | Task                     |
| <input type="radio"/>            | Core                     |
| <input checked="" type="radio"/> | Both                     |
| <input type="radio"/>            | None of the give options |

**Question # 25 of 30 ( Start time: 03:30:19 PM, 28 June 2020 )**

What are the most common things you do with the product is a type of \_\_\_\_\_.

**Select the correct option**

- |                                  |                             |
|----------------------------------|-----------------------------|
| <input type="radio"/>            | Goal-oriented question.     |
| <input checked="" type="radio"/> | System-oriented question.   |
| <input type="radio"/>            | Workflow-oriented question. |
| <input type="radio"/>            | Attitude-oriented question. |

**Question # 26 of 30 ( Start time: 03:31:33 PM, 28 June 2020 )**

\_\_\_\_\_ involves thinking, comparing, and decision-making.

**Select the correct option**

- |                                  |                        |
|----------------------------------|------------------------|
| <input checked="" type="radio"/> | Reflective cognition   |
| <input type="radio"/>            | Experiential cognition |
| <input type="radio"/>            | Information Processing |
| <input type="radio"/>            | None of these          |

**Question # 27 of 30 ( Start time: 03:32:07 PM, 28 June 2020 )**

Consistent interfaces refers to \_\_\_\_\_ for achieving similar tasks.

**Select the correct option**

- |                                  |                   |
|----------------------------------|-------------------|
| <input type="radio"/>            | Only A            |
| <input type="radio"/>            | Only B            |
| <input checked="" type="radio"/> | Both A and B      |
| <input type="radio"/>            | None of the above |

**Question # 28 of 30 ( Start time: 03:33:56 PM, 28 June 2020 )**

Building things from user's perspective is called \_\_\_\_\_

**Select the correct option**

<input type="radio"/>	Functionality
<input checked="" type="checkbox"/>	Usability
<input type="radio"/>	Portability
	None of the given

Question # 29 of 30 ( Start time: 03:35:16 PM, 28 June 2020 )

The ----- approach to design is the assumption that product must balance business and engineering concerns with user's needs and goals.

Select the correct option

- Usability engineering
- Rapid Application Development (RAD)
- Goal-Directed

**Question # 30 of 30 ( Start time: 03:36:55 PM, 28 June 2020 )**

To organize the days for social, commercial, religious and administrative purpose, which application can use?

**Select the correct option**

<input type="radio"/>	Skype
<input type="radio"/>	Amazon
<input checked="" type="checkbox"/>	Calendar
<input type="checkbox"/>	Gallary

## CS408:Midterm Grand Quiz

Question # 1 of 30 ( **Start time: 03:55:52 PM, 28 June 2020** )

Building things from user's perspective is called \_\_\_\_\_

Select the correct option

- |                                  |                   |
|----------------------------------|-------------------|
| <input type="radio"/>            | Functionality     |
| <input checked="" type="radio"/> | Usability         |

| <input type="radio"/>            | None of the given |

**Question # 2 of 30 ( Start time: 03:57:04 PM, 28 June 2020 )**

The command line interface is used because

**Select the correct option**

- |                                  |                               |
|----------------------------------|-------------------------------|
| <input type="radio"/>            | It is easy to understand      |
| <input type="radio"/>            | It is demanded by DOS         |
| <input type="radio"/>            | It is offered by Unix systems |
| <input checked="" type="radio"/> | It is powerful and flexible   |

**Question # 3 of 30 ( Start time: 03:58:57 PM, 28 June 2020 )**

Listening require less \_\_\_\_\_ effort than reading or speaking.

**Select the correct option**

- |                                  |                |
|----------------------------------|----------------|
| <input checked="" type="radio"/> | Cognitive      |
| <input type="radio"/>            | Phsyncological |
| <input type="radio"/>            | Grammatical    |
| <input type="radio"/>            | None of these  |

**Question # 4 of 30 ( Start time: 03:59:29 PM, 28 June 2020 )**

Social science and usability texts are full of methods and techniques for conducting \_\_\_\_\_ research.

**Select the correct option**

<input type="radio"/>	Quantitative
<input checked="" type="radio"/>	Qualitative
<input type="radio"/>	SME
<input type="radio"/>	None of these

**Question # 5 of 30 ( Start time: 04:00:21 PM, 28 June 2020 )**

The term mental model was first developed in the early 1640s by \_\_\_\_\_ .

**Select the correct option**

- |                                  |                   |
|----------------------------------|-------------------|
| <input checked="" type="radio"/> | Kenneth Craik     |
| <input type="radio"/>            | Donald Norman     |
| <input type="radio"/>            | Johnson-Laird     |
| <input type="radio"/>            | None of the above |

**Question # 6 of 30 ( Start time: 04:01:05 PM, 28 June 2020 )**

Which of the following types of reasoning, derives the logically necessary conclusion from the given premises?

**Select the correct option**

- |                                  |              |
|----------------------------------|--------------|
| <input checked="" type="radio"/> | Deductive    |
| <input type="radio"/>            | Inductive    |
| <input type="radio"/>            | Abductive    |
| <input type="radio"/>            | Distributive |

CS408:Midterm Grand Quiz

### CS408:Midterm Grand Quiz

Question # 7 of 30 ( Start time: 04:01:52 PM, 28 June 2020 )

\_\_\_\_\_ involves restricting the possible functions that can be carried out by a novice to the basics and then extending these as the novice

Select the correct option

- Master-apprentice
- Initial training
- Both A and B
- Training Wheel

**Question # 8 of 30 ( Start time: 04:03:18 PM, 28 June 2020 )**

The aim of an ethnographic study is to make the \_\_\_\_\_ design into \_\_\_\_\_ design (respectively).

**Select the correct option**

- |                                     |                    |
|-------------------------------------|--------------------|
| <input checked="" type="checkbox"/> | Implicit, explicit |
| <input type="checkbox"/>            | Explicit, implicit |
| <input type="checkbox"/>            | Obvious, implicit  |
| <input type="checkbox"/>            | Obvious, Explicit  |

**Question # 9 of 30 ( Start time: 04:04:01 PM, 28 June 2020 )**

"The model people have of themselves, others, the environment, and the things with which they interact" is the definition of \_\_\_\_\_ .

**Select the correct option**

- |                                  |                  |
|----------------------------------|------------------|
| <input type="radio"/>            | Conceptual model |
| <input type="radio"/>            | User Model       |
| <input checked="" type="radio"/> | Mental Model     |
| <input type="radio"/>            | Designer image   |

**Question # 10 of 30 ( Start time: 04:04:40 PM, 28 June 2020 )**

What are the three types of reasoning?

**Select the correct option**

- |                                  |  |
|----------------------------------|--|
| <input type="radio"/>            | Deductive, Productive and Inductive    |
| <input checked="" type="radio"/> | Adductive, Inductive and Deductive     |
| <input type="radio"/>            | Inductive, Adductive and Reproductive  |
| <input type="radio"/>            | Productive, Reproductive and Deductive |

**Question # 11 of 30 ( Start time: 04:05:07 PM, 28 June 2020 )**

\_\_\_\_\_ refers to the relationship between controls and their effects in world.

**Select the correct option**

- |                                     |                   |
|-------------------------------------|-------------------|
| <input checked="" type="checkbox"/> | Mapping           |
| <input type="checkbox"/>            | Affordance        |
| <input type="checkbox"/>            | Constraints       |
| <input type="checkbox"/>            | None of the above |

**Question # 13 of 30 ( Start time: 04:07:28 PM, 28 June 2020 )**

Which of the following is used to toggle between two states?

**Select the correct option**

- |                                  |               |
|----------------------------------|---------------|
| <input type="radio"/>            | check boxes   |
