

CS435: Grand Quiz

Question # 30 of 30 (Start time: 08:40:50 PM, 02 January 2021)

_____ is not connection oriented protocol.

Select the correct option

- | | |
|----------------------------------|------|
| <input checked="" type="radio"/> | TCP |
| <input type="radio"/> | UDP |
| <input type="radio"/> | IP |
| <input type="radio"/> | HTTP |
- 

CS435: Grand Quiz

Question # 28 of 30 (Start time: 08:37:48 PM, 02 January 2021)

GoToMeeting is one of the leading providers of _____

Select the correct option

- | | |
|----------------------------------|--------------------------|
| <input type="radio"/> | Virtual reality hardware |
| <input type="radio"/> | Virtual meetings |
| <input type="radio"/> | Virtual Stationary |
| <input checked="" type="radio"/> | PowerPoint templates |

EDU405: Grand Quiz

Question # 1 of 30 (Start time: 09:29:49 PM, 02 January 2021)

Assessment must be according to certain —

Select the correct option

- | | |
|----------------------------------|-----------|
| <input checked="" type="radio"/> | context |
| <input type="radio"/> | ambience |
| <input type="radio"/> | motive |
| <input type="radio"/> | deterrent |

CS435: Grand Quiz

Question # 28 of 30 (Start time: 08:37:48 PM, 02 January 2021)

GoToMeeting is one of the leading providers of _____

Select the correct option

- | | |
|----------------------------------|--------------------------|
| <input type="radio"/> | Virtual reality hardware |
| <input type="radio"/> | Virtual meetings |
| <input type="radio"/> | Virtual Stationary |
| <input checked="" type="radio"/> | PowerPoint templates |

CS435: Grand Quiz

Question # 27 of 30 (Start time: 08:36:32 PM, 02 January 2021)

In every device has a dedicated point to point link to every other device.

Select the correct option

- | | |
|----------------------------------|------|
| <input checked="" type="radio"/> | Mesh |
| <input type="radio"/> | Star |
| <input type="radio"/> | Bus |
| <input type="radio"/> | Ring |

CS435: Grand Quiz

Question # 26 of 30 (Start time: 08:35:03 PM, 02 January 2021)

_____ is the service agent which distributes workload among multiple processing resources such as multiple service instances.

Select the correct option

- | | |
|----------------------------------|----------------------------|
| <input checked="" type="radio"/> | Automated Scaling Listener |
| <input type="radio"/> | Pay-per-use Monitor |
| <input type="radio"/> | SLA Monitor |
| <input type="radio"/> | Load Balancer |

CS435: Grand Quiz

Question # 24 of 30 (Start time: 08:31:42 PM, 02 January 2021)

..... transforms the physical hardware into virtual hardware

Select the correct option

- | | |
|----------------------------------|------------|
| <input type="radio"/> | Hypervisor |
| <input type="radio"/> | Router |
| <input checked="" type="radio"/> | Server |
| <input type="radio"/> | container |

CS435: Grand Quiz

Question # 22 of 30 (Start time: 08:28:27 PM, 02 January 2021)

A single host can be shared among multiple instances of operating systems through -----.

Select the correct option

- | | |
|----------------------------------|------------------|
| <input checked="" type="radio"/> | Virtualization |
| <input type="radio"/> | Multitasking |
| <input type="radio"/> | Multiprocessing |
| <input type="radio"/> | Multiprogramming |

CS435: Grand Quiz

Question # 21 of 30 (Start time: 08:27:43 PM, 02 January 2021)

Every SaaS deployment has _____ programming logic, resource requirements and consumer workloads.

Select the correct option

<input checked="" type="radio"/>	Different
<input type="radio"/>	Permanent
<input type="radio"/>	Duplicate
<input type="radio"/>	Identical

CS435: Grand Quiz

Question # 20 of 30 (Start time: 08:26:04 PM, 02 January 2021)

Microsoft Office 365 is the example of _____ for Document Creation, Editing and Sharing.

Select the correct option

<input checked="" type="radio"/>	SaaS
<input type="radio"/>	PaaS
<input type="radio"/>	IaaS
<input type="radio"/>	XaaS

CS435: Grand Quiz

Question # 19 of 30 (Start time: 08:24:46 PM, 02 January 2021)

In context of Logical Network Perimeter, _____ is used to filter the traffic of isolated network to and from Internet.

Select the correct option

- | | |
|----------------------------------|------------------|
| <input type="radio"/> | Virtual Network |
| <input checked="" type="radio"/> | Virtual Firewall |
| <input type="radio"/> | Virtual Switch |
| <input type="radio"/> | Virtual Port |

CS435: Grand Quiz

Question # 18 of 30 (Start time: 08:23:16 PM, 02 January 2021)

The fax received over the virtual fax machine are delivered through_____

Select the correct option

- | | |
|----------------------------------|-------------------------|
| <input type="radio"/> | Email as PDF attachment |
| <input type="radio"/> | Printer as hard copy |
| <input checked="" type="radio"/> | Scanner as hard copy |
| <input type="radio"/> | VoIP as voice message |

CS435: Grand Quiz

Question # 17 of 30 (Start time: 08:22:01 PM, 02 January 2021)

Keyboard is the example of _____ data flow mode.

Select the correct option

- | | |
|----------------------------------|-------------|
| <input checked="" type="radio"/> | Simplex |
| <input type="radio"/> | Half Duplex |
| <input type="radio"/> | Full Duplex |
| <input type="radio"/> | Multiplex |

CS435: Grand Quiz

Question # 16 of 30 (Start time: 08:20:47 PM, 02 January 2021)

In context of Web Services, REST stands for _____

Select the correct option

- | | |
|----------------------------------|---------------------------------|
| <input checked="" type="radio"/> | Representational State Transfer |
| <input type="radio"/> | Recreate Storage Transition |
| <input type="radio"/> | Remote State Transition |
| <input type="radio"/> | Recreate State Trust |

CS435: Grand Quiz

Question # 15 of 30 (Start time: 08:19:09 PM, 02 January 2021)

A party that provides mediation services to cloud providers (seller) and cloud consumers (buyer) for the purchasing of cloud services is called _____

Select the correct option

- | | |
|----------------------------------|----------------|
| <input type="radio"/> | Cloud Broker |
| <input type="radio"/> | Cloud Carrier |
| <input checked="" type="radio"/> | Cloud Reseller |
| <input type="radio"/> | Cloud Retailer |

CS435: Grand Quiz

Question # 14 of 30 (Start time: 08:18:25 PM, 02 January 2021)

In IPV4 class B address starts with a value in the range of -----in the first octet.

Select the correct option

- | | |
|----------------------------------|------------|
| <input checked="" type="radio"/> | 128 to 191 |
| <input type="radio"/> | 0 to 127 |
| <input type="radio"/> | 192 to 223 |
| <input type="radio"/> | 224 to 239 |

CS435: Grand Quiz

Question # 13 of 30 (Start time: 08:16:38 PM, 02 January 2021)

A virtual machines (VM) can be in any state like Powered-off , powered-on, Paused and

Select the correct option

<input checked="" type="radio"/>	Suspended
<input type="radio"/>	Ready
<input type="radio"/>	Idle
<input type="radio"/>	Waiting

CS435: Grand Quiz

Question # 12 of 30 (Start time: 08:15:12 PM, 02 January 2021)

In context of Logical Network Perimeter, _____ consists of virtual nodes and virtual links.

Select the correct option

<input checked="" type="radio"/>	Virtual Network
<input type="radio"/>	Virtual Firewall
<input type="radio"/>	Virtual Switch
<input type="radio"/>	Virtual Port

CS435: Grand Quiz

Question # 11 of 30 (Start time: 08:14:19 PM, 02 January 2021)

_____ is the state of accepting a vulnerability on the base of positive expectations

Select the correct option

- | | |
|----------------------------------|-----------|
| <input type="radio"/> | Security |
| <input type="radio"/> | Integrity |
| <input checked="" type="radio"/> | Trust |
| <input type="radio"/> | Privacy |

CS435: Grand Quiz

Question # 9 of 30 (Start time: 08:11:12 PM, 02 January 2021)

An example of Cloud computing service modelis Salesforce.com which manages and syncs sales contacts and meetings with other tools such as Microsoft Outlook

Select the correct option

<input checked="" type="radio"/>	SaaS
<input type="radio"/>	PaaS
<input type="radio"/>	IaaS
<input type="radio"/>	XaaS

CS435: Grand Quiz

Question # 8 of 30 (Start time: 08:09:33 PM, 02 January 2021)

..... strategy means adding new IT capacity when the IT resources reach the full utilization.

Select the correct option

- | | |
|----------------------------------|-------|
| <input checked="" type="radio"/> | Log |
| <input type="radio"/> | Lead |
| <input type="radio"/> | Match |
| <input type="radio"/> | Fix |

CS435: Grand Quiz

Question # 7 of 30 (Start time: 08:09:02 PM, 02 January 2021)

SaaS instances are _____ from IaaS and PaaS instances due to the existence of concurrent users.

Select the correct option

<input type="radio"/>	Permanent
<input checked="" type="radio"/>	Unique
<input type="radio"/>	Duplicate
<input type="radio"/>	Identical

CS435: Grand Quiz

Question # 6 of 30 (Start time: 08:07:30 PM, 02 January 2021)

..... is responsible for providing connectivity between cloud provider and cloud consumer.

Select the correct option

- | | |
|----------------------------------|----------------|
| <input type="radio"/> | Cloud Broker |
| <input checked="" type="radio"/> | Cloud Carrier |
| <input type="radio"/> | Cloud Reseller |
| <input type="radio"/> | Cloud Retailer |

CS435:Grand Quiz

Question # 5 of 30 (Start time: 08:05:48 PM, 02 January 2021)

In Context of Virtual Server, a consumer can instantiate a virtual server through administrative portal which works with the help of _____ module.

Select the correct option

- | | |
|----------------------------------|---------------------------------------|
| <input type="radio"/> | Physical Infrastructure Manager (PIM) |
| <input checked="" type="radio"/> | Virtual Infrastructure Manager (VIM) |
| <input type="radio"/> | Logical Interaction Module (LIM) |
| <input type="radio"/> | Real Instantiation Manager (RIM) |

CS435: Grand Quiz

Question # 4 of 30 (Start time: 08:02:51 PM, 02 January 2021)

The objective of _____ attack is to overload IT resources to the point where they cannot function properly.

Select the correct option

- | | |
|----------------------------------|----------------------------------|
| <input type="radio"/> | Insufficient Authorization based |
| <input checked="" type="radio"/> | Denial of Service |
| <input type="radio"/> | Traffic Eavesdropping |
| <input type="radio"/> | Malicious Intermediary |

CS435: Grand Quiz

Question # 3 of 30 (Start time: 08:01:15 PM, 02 January 2021)

_____ happen when weak passwords or shared (login) accounts are used to protect the IT resources.

Select the correct option

- | | |
|----------------------------------|-----------------------------------|
| <input type="radio"/> | Traffic Eavesdropping |
| <input checked="" type="radio"/> | Weak authentication based attacks |
| <input type="radio"/> | Malicious Intermediary |
| <input type="radio"/> | Denial of Service |

CS435: Grand Quiz

Question # 2 of 30 (Start time: 07:59:51 PM, 02 January 2021)

A _____ is a master copy of virtual server.

Select the correct option

- | | |
|----------------------------------|---------------|
| <input checked="" type="radio"/> | Template |
| <input type="radio"/> | RAID |
| <input type="radio"/> | Xerox |
| <input type="radio"/> | Backup Server |

CS435: Grand Quiz

Question # 1 of 30 (Start time: 07:58:07 PM, 02 January 2021)

The network connecting the data center servers is called _____

Select the correct option

Data centralized topology

Cloud topology for data centralization

Server based cloud Computing

Data center interconnection network
